

# Registration Form

## Kybong Rockfest

### 1st - 2nd - 3rd August 2008

**Why not join us for the 2008 Rockfest? Guarantee your place by registering now!**

John and Cecile's annual Rockfest is a huge success. The Fest has grown over the years from an idea to get Rockhounds together for a fun-filled three day campout, to the huge event it is today.

Stall holders from around Australia attend the campout. The weather in August is usually perfect and sunny in Southeast Queensland! Large crowds of spectators visit the show to stock up on the variety of rocks, fossils, and minerals on show. During the day entertainment is supplied by local artists demonstrating weaving, pottery, gold panning, sapphire sieving, clowns, crystal healers, Aura photos and massage. At night we usually have talks on mineral and lapidary subjects by well known identities.

The atmosphere is an unbelievably happy one. We all look forward to the next Fest on first weekend in August 2008.

See you there! John & Cecile.
